Mr. Mark Talamson

Nairobi, Kenya • marktalamson@gmail.com• 0792 314 330

Education

2023 – present	**Strathmore University**

Bachelor of Science in Informatics and Computer Science
Relevant Coursework: Completed Online Courses on Web Development and Git.

2019 – 2022	**Sacho High School**

Kenya Certificate of Secondary Education, A-

Experience

July 2024– Same Month & Year	**Premium Writers Solutions**

Developed their Site and Ecommerce Application
- During My interaction with PWS (https://pws.co.ke/) I helped them actualize their idea of trying to create a site to connect with freelancers in terms of selling common tools to help their craft. The project was based primarily on PHP and HTML, CSS (bootstrap framework) and some java script.
- From them, I am grateful to have learnt how to communicate with both people who understand programming concepts and those that do not. I have also had the opportunity to put my PHP knowledge into practice.

April 2024 – June 2024
Developed a recipe web application as a school project
- I have yet again interacted with PHP and MySQL in the development of a recipe web application that has been used as a school project which gave me my first development experience with PHP.

Skills & Interests

Technical: I am currently interested in python for AI model development and machine learning
Language: I am also learning a bit of Spanish and can engage in basic communication.
Interests: List In my free time, I enjoy playing football with friends.

CONCLUSION

In conclusion, I believe I am a good fit for the job position you are currently offering and would like to formally express my interest in the job as it would be a perfect opportunity to engage in real-world simulation training which offers more value when combined with the course I am currently taking. Also find linked below, a link to my personal github where I also have other projects developed and incase of any questions, I am open to providing answers as needed. Thank you for your consideration.
